

Let AGSCO be your
single source for custom...

Screening/Classifying:

- AGSCO will precisely screen out either large or small particles from your dry materials where tight control of top and bottom sizing is required.
- AGSCO will alter or match particle distributions per your specifications.
- AGSCO will produce specific gradations within very tight tolerances where narrow particle size distribution is required.

Blending:

- AGSCO will custom batch/blend any loose dry grain aggregate to meet your specific requirements.
- AGSCO will blend virtually any dry grain or powder.
- AGSCO will add catalysts and/or other wet additives during the blending process.
- AGSCO will blend 3M Colorquartz™ or colored flakes in a wide array of color blends for flooring or pool applications.

Bagging/Packaging:

- AGSCO will bag or package from 1 pound to 4,000 pounds- from small to large runs- with AGSCO's flexible packaging capabilities.
- AGSCO offers paper or plastic bags, boxes, jars, pails, drums, and super sacks.
- AGSCO offers heat sealing, sewn bags, or valve bagging capabilities.

Coating/Treating:

- AGSCO will custom-coat or custom-treat your products for your special needs.
- AGSCO offers silane coatings for increased bonding of dry minerals to polymers.
- AGSCO will add Blastox® (lead abatement) chemistries or Dust Net® dust suppressants.
- AGSCO also offers the following coatings and treatments:

- Pigments
- Resin Coatings
- Catalysts
- Coupling Agents
- Anti-Microbials
- Silicones

Private Labeling:

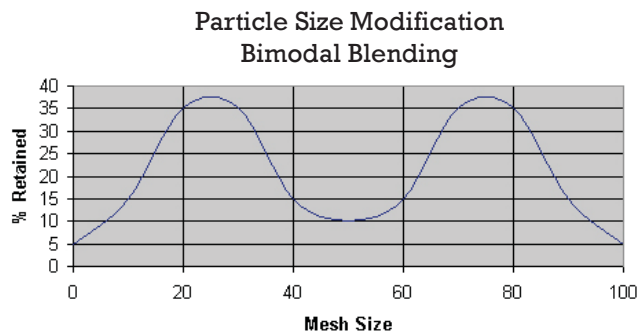

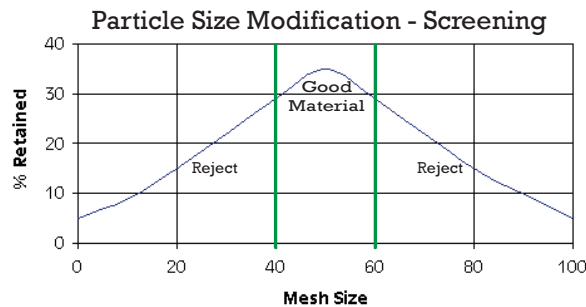

- Let AGSCO be your specialty labeling facility! You design the product- let AGSCO do the dirty work for you!!
